- i. Ties:**
- i. Ties for first place in the Club and match play events will be decided by sudden death play starting on the first hole.

 - iii. If cards are to be matched, the following USGA recommended process will be used:
"Determine the winner on the basis of the best net score for the last nine holes. If the tying players have the same score for the last nine, determine the winner on the basis of the last six holes, then last three holes, and finally the 18th hole. If such a method is used, one half, one third, one sixth respectively, etc. of the handicaps should be deducted to determine net score". Example: Player A, 13 handicap shoots 85, net 72. Player B, 12 handicap shoots 84, net 72. Both players shot 40 gross on the back nine holes at Coronado. Taking one half of each player's handicap, player A net score is $40 - 6.5 = 33.5$; Player B net score is $40 - 6 = 34$. Player A is the winner.
- j. Score Cards:**
- i. Completing Cards: Each tournament competitor (player or team) will be issued an official score card upon check-in. Competitors, before start of play, may exchange score cards with other competitors in their group. Scorers are responsible for entering the scores for

Competitors are responsible for the correctness of their cards.
